

SOLUTIONS FOR THE
RAIL INDUSTRY

Improved Production Efficiencies

With Sheboygan Paint Company High-Quality Coatings

The Sheboygan Paint Company portfolio includes water-borne and solvent-borne coating systems that provide optimum protection for freight railcars and the tough treatment they endure day in and day out.

By being attentive to our customers we are able to listen and respond to their critical needs. We produce only the highest quality coatings because we understand the abuse railcars sustain, from severe weather to impact. Our customers tell us that, given the choice, they select Sheboygan Paint Company coatings every time for their ease of use, "phenomenal coverage" with long-lasting gloss, and durability.

Beyond providing industry-leading product, Sheboygan Paint Company is recognized as an expert resource to solve nearly any paint line challenge. Our hands-on Technical Service and Customer Service Team members are responsive communicators who bend over backwards to take care of our customers' needs. Whether it's an expedited delivery to keep their production from shutting down – or onsite testing to ensure application and coverage are just right – our customers realize we are committed to giving them precisely what they need.

Attributes

- Outstanding Application Properties
- Fast Dry/Cure Time
- Fade Resistance
- Low VOC Available
- Application Troubleshooting & Expertise
- Proven Durability
- Corrosion Resistant
- Consistent Performance
- Great Weatherability
- Excellent Coverage

***"They get us
what we need,
get it on a truck,
and get it here
on time. Their
fast dry time is
important...
it's just good
quality."***
